

User Guide

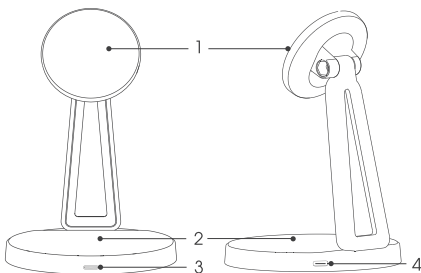

XLayer MagFix Pro 2-in-1 Charging Stand

Thank you for purchasing a XLayer product. The magnetic charging of the new iPhone models that have integrated MagSafe ensures a secure hold on the 2-in-1 charging station. Placement with the help of the integrated magnetic ring guarantees efficient charging without interruptions through optimal positioning on the charging surface.

Contents

1 MagFix Pro 2-in-1 charging station, 1 USB Type C to USB Type C charging cable, 1 User Manual

- (1) Inductive charging area with magnetic ring
- (2) Inductive charging area

Frequency:	110 - 205 kHz

Max. radiated transmission power:	15W (9V/1.67A)
Qi fast wireless charging:	1.4 times faster
Size:	103 x 103 x 153 mm
Weight:	268 g

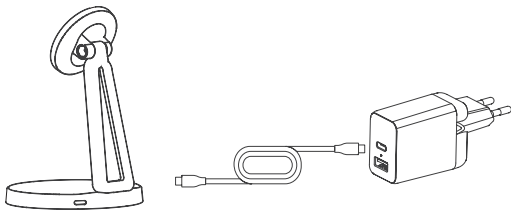

Compatibility

The MagFix Pro 2-in-1 charging station is compatible with iPhone models that support MagSafe, as well as induction-enabled smartphones and AirPods.

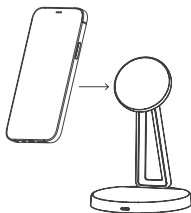

How to charge other devices

Charging with magnetic adjustment (MagSafe)

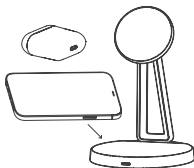

Connect the USB Type C charging cable to a USB Type C power adapter (not included). We recommend XLayer's Universal 38W Powercharger as the power adapter (sold separately).

Place your iPhone on the magnetic ring. The perfectly aligned magnets hold your iPhone and the charging process starts automatically. Do not place any credit cards, check cards or ID cards between the iPhone and the inductive magnetic charging surface, as their magnetic strips or chips may be damaged.

Place your induction-enabled smartphone or AirPods on the horizontal charging surface and the charging process starts automatically. Do not place any credit cards, check cards or ID cards between the device and the inductive charging surface, as their magnetic strips or chips may be damaged.

LED indicator

Status	LED light
Connecting to power	flashes white 3 times
Standby	does not light
Charging active	pulsing slightly white

Safety Notice

- A remodeling or modification of the product would affect the safety.
Risk of injury!
- Please do not touch the charger with wet hands! If there is any liquid leaking, immediately cut off the power supply!
- Intended for indoor use only. Contact with moisture must be avoided!
- Please keep the product away from children.
- Please keep the product far from magnetic stripes or chip cards to avoid magnetic failure.
- Do not open the appliance without proper authorization and do not perform repairs yourself!
- If you do not follow the safety instructions and informations on proper handling in this user guide, we assume no liability for any resulting personal injury or damage to property. Furthermore, such cases will invalidate the warranty.
- Modifications and mistakes reserved.
